The institute provided necessary facilities and financial support to conceptualize and execute each of these projects. The Institution is an active member in Innovation and Incubation Cell (IIC) and conducts various programs for creating awareness among students. As part of choice-based education system, the students are encouraged to take up co- curricular activities which are helpful for the society. Students are encouraged to work on live projects. Faculty is encouraged to conduct research activities and make publications in the journals of repute for knowledge sharing. The institution has the practice of conducting various Seminars, Symposiums, workshops, and conferences periodically for creation and sharing of knowledge.

Incubation Cell is designed to accelerate the growth and success of budding entrepreneurs through an array of business support resources and services that could include physical space, capital, coaching, common services, and networking connections.
