I am glad to share the annual report for the academic year 2021-2022. The college has witnessed all several development activities throughout the period

- In this juncture I take the opportunity to brief our history and achievements.
- I would like to start with a Tamil Proverb “A Tiny seed holding a big banian tree” Our JKKMUNIRAJAH MEDICAL RESEARCH FOUNDATION COLLEGE OF PHARMACY was seeded in the year 1986.
- It was blossomed as Annai JKK Sampornai Ammal College of Pharmacy in 1987 with Diploma in Pharmacy. Then the plant was grown at most care by beloved correspondent Dr. JKK Munirajah AVL and it metamorphous into JKK MUNIRAJAH MEDICAL RESEARCH FOUNDATION with Degree in Pharmacy in the year 1992.
- It was upgraded to PG institute in 2002 and currently we have 7 branches i.e, Pharmaceutics, Pharmaceutical chemistry, pharmacology, pharmaceutical analysis, Pharmacy practice, pharmaceutical Regulatory Affairs and Pharmacognosy. Each and every institution should reach the top status by obtaining Ph.D research center status. In 2008 we started Ph.D research programs.
- I am very privileged to say that our college has got approval to run Pharm D doctor of pharmacy course and started in the year 2012.
- Even though we have got all the pharmacy courses in our institution we have not limited our self.
- To bring out more number of pharmacy graduates to full the need in the health care profession, to do service for the society and give pharmacy education for rural and needy people we have started one more Pharmacy
