Assistant Professor,

JKKMMRF'S Annai JKK Sampoorani Ammal College of Pharmacy,
Komarapalayam..

No. of students enrolled: 59

No.of students certified: 59

Objective:

Self-assessment and self-reflection is a powerful way to enhance a student's learning experience. It plays an important role in teaching students not just what to learn, but also how they learn and what they can do to improve their learning outcomes. By incorporating tasks that require students to critically reflect on their work, processes and learning style; they are given the opportunity to identify gaps in their knowledge or skill set and achieve greater autonomy and deeper learning and meta cognition

Learning outcomes:

- Students can able to develop self-learning, self-growth, and an opportunity for conceptualization, categorization.
- Provides students with an opportunity to self-evaluate, or make judgments about their learning process and products of learning.
- It helps to identify student inconsistencies, prompting to make small but significant changes that trigger profound shifts life and helps to build positive momentum.
- Self-reflection has many other purported benefits, from boosting productivity to helps to develop sense of identity
- The students were actively participated in these program and made themselves responsible.

Objective

Language objectives are lesson objectives that are specifically designed to promote students' language development through all four language domains: reading, writing, speaking and listening.

Learning Outcomes

- Context provides meaning and clarity to the intended message.
- Context clues in a literary work create a relationship between the writer and reader, giving a deeper understanding of the intent and direction of the writing.
