### About JKKMMRF's CP

JKKMMRF's Annai JKK Sampoorani Ammal College of Pharmacy, Komarapalayam. The institution offers D. Pharm., B. Pharm., Pharm. D., M. Pharm. (in 7 specializations), Ph.D., and Certificate courses. The undergraduate and post graduate programs are approved by Pharmacy Council of India (PCI), New Delhi; All India Council for Technical Education (AICTE), New Delhi and affiliated to The Dr.MGR Medical University, Chennai, Tamil Nadu.

#### Vision

- The faculty and students of the college of pharmacy will be innovators and leaders in transforming Healthcare to create positive patient outcomes through the discovery and Research.

#### Mission

- Our Mission is to advance societal health through leadership in pharmacy Education, Research, Community engagement and patient care.
- I hope that this academic year will provide us exciting opportunities for learning, personal growth, and new experiences. As pharmacy students, you are encouraged to appreciate our diverse community and to become global citizens by acquiring knowledge, developing useful skills, understanding, critical/higher order thinking, and problem-solving abilities.
- While it is a great honor being a pharmacy student, it also brings great responsibility to play a significant role in the changing health care environment. The safety and wellbeing of the ultimate customers of this industry, the patients, should be your top priority.
- To accomplish such professional mind-set, you are supposed to have self-discipline, professional ethics and life-long learning. As the transition from the college student to a professional is a difficult one, I encourage you to be professional while you are a student.
- We provide you a glimpse of the various curricular, co-curricular and extra-curricular activities, and orient you to the institution and the programme chosen by you.

## Vision

- The faculty and students of the college of pharmacy will be innovators and leaders in transforming Healthcare to create positive patient outcomes through the discovery and Research.

### Pharmacy Practice

Vision & Mission

**Vision :**  
To provide safe high quality patient care in an atmosphere of professionalism, respect, and effective communication.

**Mission:**  
The Department of Pharmacy is committed to

Patient care being an integral member of the healthcare team responsible for the outcomes associated with the medication use process.

- Fostering an environment that promotes the safe, efficacious, and cost-effective use of medications.
- Improving the medication use process to enhance continuity of care.
- Recruiting and retaining highly qualified pharmacists and supportive personnel.
- Recognizing that the pharmacy staff is our most important resource.

**Education:** Fostering an environment designed to advance knowledge of the rational use of medications

- Educating patients and healthcare professionals on the safe use of medications.
- Providing health education programs to the community to prevent disease and promote public health.
- Ensuring high quality care through the education of students, residents, fellows, and staff.

**Research:** Making sound decisions supported by evidence based medicine through research on medication use and patient safety.

- Developing and conducting research to improve the safety and efficiency of the medication use system.
- Utilizing research methods to identify the most cost effective use of medications.
- Initiating and supporting interdisciplinary collaborative research.

### Pharmacology

Vision & Mission

**Vision :**

- To be nationally renowned for excellence in pharmacology research and Scholarship, with the ultimate goal of improving human health.

**Mission :**

- To improve the disciplines of Pharmacology and toxicology span basic mechanisms of drug discovery, action, metabolism, and distribution, along with studies of the therapeutic Action or adverse effects that chemicals/drugs have on biological systems.
- To integrate diverse basics and translational scientific investigations around common research interests, providing unique capabilities to promote the discovery and development of new therapeutics and address the impact of environmental toxins.
- To provide a dynamic and diverse academic environment that fosters innovative, ground-breaking research in basic and clinical pharmacology, therapeutics and toxicology.
- To promote strong evidence-based teaching and training for our students and trainees.
- To acquire new expertise in toxicology and drug metabolism.
- To promote interdisciplinary graduate and medical pharmacology education.
