NATIONAL SERVICE SCHEMES (NSS)

Participation in extracurricular activities is encouraged in order to fulfill the mission and vision statements of the school. Students are urged to engage in extracurricular activities through groups like NSS, clubs, and societies in order to support their overall growth.

The college has a vibrant NSS wing that works on initiatives including maintaining a clean and green campus, organizing blood drives and other community service activities to promote cleanliness and literacy, and more.

The students understand that what they have taken must be returned to society and the environment. Our NSS Unit's volunteer student members participate in social service initiatives like as flood relief camps, tree planting, orphanage work, and special camps in adopted areas.
