REPORT

SEMINAR-EFFECTIVE PEDAGOGY PRINCIPLE IN TEACHING

VENUE: SEMINAR HALL DATED: 05/03/2021

RESOURCE PERSON:

Dr. V.S.Thiruvengadarajan., M.PHARM, Ph.D

Professor,
KMCH college of pharmacy,
coimbatore.

No. of students enrolled: 200

No. of students certified: 200

No. of students certified in our institution: 30

On March 5th 2021, the Department of Pharmacy Practice at JKKMMRF's Annai JKK Sampoorni Ammal College of Pharmacy held a workshop on Effective pedagogy principle in teaching in the Seminar hall. The seminar was attended by 200 students and was certified by the college.

The seminar began with an introduction to Effective pedagogy principle in teaching and its importance in research studies. The speaker discussed the different types of Effective pedagogy principle in teaching, including structured, semi-structured, and unstructured, and the pros and cons of each type.

The speaker also covered the steps involved in , including defining the research objectives, identifying the target population, selecting the Effective pedagogy principle in teaching and writing and pretesting the questions.

ABOUT THE TOPIC

Effective pedagogy principle in teaching

Effective pedagogy principle in teaching is the process of creating a set of questions for a survey or other research project. A well Effective pedagogy principle in teaching can help to ensure that the data collected is accurate, relevant, and reliable. There are several key considerations to take into account when Effective pedagogy principle in teaching , including the purpose of the survey, the target audience, the type of questions to ask, and the format of the Effective pedagogy principle in teaching.

One of the first steps in Effective pedagogy principle in teaching is to determine the purpose of the survey. This will help to guide the development of the Effective pedagogy principle in teaching and ensure that it is focused on the right issues. It is also important to consider the target audience for the survey, as this will help to determine the type of questions that should be included.

The type of questions asked in the Effective pedagogy principle in teaching is also an important consideration. There are several types of questions that can be used in a Effective pedagogy principle in teaching , including closed-ended questions, open-ended questions, and rating scales. Closed-ended questions are those that have a limited set of responses, such as multiple choice or yes/no questions. Open-ended questions allow respondents to provide their own responses, which can be more informative but may be harder to analyze. Rating scales allow respondents to rate a particular item or concept on a scale, such as from 1 to 5.

The format of the Effective pedagogy principle in teaching is also important, as it can affect the response rate and the quality of the data collected. There are several options for questionnaire format, including paper and pencil, online, and telephone surveys. Each of these formats has its own advantages and disadvantages, and it is important to choose the format that is most appropriate for the target audience and the purpose of the survey.
