OBJECTIVES OF THE COURSE

Language development is an important part of child development. It supports your child's ability to communicate. It also supports your child's ability to: express and understand feelings. To make learning an enjoyable activity. To help the learners understand the language spoken by the teacher and the classmates. To help the learners to speak English words in short sentences with the help of the teacher. To help learners read and understand simple words, sentences and passages

LEARNING OUTCOME OF THE COURSE

To develop the competence of children to understand what they hear

Learners should be skilled at listening and understanding in a non-linear fashion by making connections and drawing inferences. Listening here means not just decoding of the spoken language, learners listening with comprehension. Listening to make meaning out of what one listens to.
