IDEAL IAS ACADEMY

No. of students enrolled: 251

No. of students attended: 241

Objective

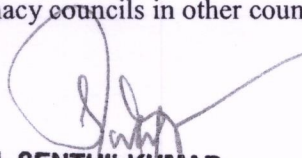

The main objective of the program is to provide knowledge for the students about the different exams in different countries according to their pharmacy council laws. It also makes the students to have courage, flexibility, cultural awareness and an understanding of how other people work and think. This will really put you ahead of the pack when it comes to internships and job applications.

Learning outcomes:

- It makes it easier for students to understand the competitive exams that government and international jobs can offer.
- It also provides them with information on different pharmacy councils in other countries.

No. of students attended: 250

Objective

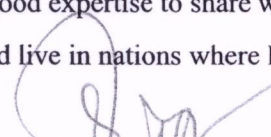

The main objective of this program is to improve your ability to understand and speak English fluently. The program focuses on ordinary English language rather than high-level English, which makes it more challenging but also provides a better chance for you to learn the basics of the language.

Learning outcomes:

- It boosts your confidence and self-esteem that you have good expertise to share with everybody else.
- Students have the opportunity to study abroad or work and live in nations where English is the main language.
