I am glad to share the annual report for the academic year 2017-2018. The college has witnessed all several development activities throughout the period.

In this juncture I take the opportunity to brief our history and achievements.

- I would like to start with a Tamil Proverb “A Tiny seed holding a big banyan tree” Our JKKMUNIRAJAH MEDICAL RESEARCH FOUNDATION COLLEGE OF PHARMACY was seeded in the year 1986.
- It was blossomed as Annai JKK Sampoorani Ammal College of Pharmacy in 1987 with Diploma in Pharmacy.
- Then the plant was grown at most care by beloved correspondent Dr. JKK Munirajah AVL and it metamorphous into JKK MUNIRAJAH MEDICAL RESEARCH FOUNDATION with Bachelor Degree in Pharmacy in the year 1992.
- It was upgraded to PG institute in 2003 and currently we have 5 branches i.e., Pharmaceutics, Pharmaceutical chemistry, Pharmacology, Pharmaceutical Analysis and Pharmacy practice. Each and every institution should reach the top status by obtaining Ph.D. research center status. In 2008 we started Ph.D. research programs.
- I am very privileged to say that our college has got approval to run Pharm D Doctor of pharmacy course and started in the year 2012.
- Even though we have got all the pharmacy courses in our institution we have not limited our self.
- To bring out more number of pharmacy graduates to fulfill the need in the health care profession, to do service for the society and give pharmacy education for rural and needy people we have started one more Pharmacy college at TN Palayam with Diploma and Degree in pharmacy courses in 2015 with the support of management and by our entire team.
- We have not stopped with this Again to fulfill or enhance the manpower for our pharmacy profession we have increased the intake of B. pharmacy course from 60 to 100 seats from the last 2016.
- We have 542 students and 45 teaching and 20 non-teaching staffs.
- In this year to provide good and latest facility and infrastructure for the future generation we are constructing new building and was inaugurated last December 15th 2017 shifted the class rooms.

- We conducted regular FTP (Faculty Training Program) for Non- teaching staffs and 60% of faculties attended FDP's in various colleges.
- Our Management provides financial support of Rs.47,000 for 27 faculty members who attended seminars, conference and workshops in various colleges and other states.
- Regarding in the academic side our students and staffs presented the maximum number of research publications in the Indian pharmaceutical congress held at Chandigarh in the last December 2017. One of Our final year B. Pharm student **Ms. R. Veerajothi** has got 2nd prize in essay writing competition conducted by Tamilnadu Pharmaceutical welfare trust, Chennai.
 - Our students were organized dengue fever awareness program and provided neem extracts (i.e., Nilavembu kasayam) as a preventive medicine for several times to the local Vattamalai and Komarapalayam public and students from other courses in this campus. More number of students Donated blood for dengue affected people this year. Produced 100 % result in our fourth and Vth Pharm D courses.
 - And ofcourse our growth and achievements will be not being stopped with this it will be continued ... for that I am expecting contribution and support from everybody.
