This is certify that the HEI gives data about FDP programmes that number of teaching and non-teaching staffs participated in our institution. During data entry in the portal, those faculty members and non-teaching faculty members who attended the FDP is not added to the number of FDP that the teaching faculty and non-teaching participated in for all of the assessment years. Teaching and non-teaching faculty members who attended FDP both were included in the calculation when the data was given in the data template, however for some reason the count was missed in the DVV portal.

Change in Input:

6.3.3.1 Total number of teaching and non-teaching staff participating in Faculty development Programmes (FDP), professional development /administrative training programs during the last five years

Academic year	2022-2021	2020-2021	2019-2020	2018-2019	2017-2018
Total no. of teaching and non-teaching staff participating in faculty development programmes (FDP), professional development/ administrative training programs during the last five years.	56	53	54	46	45

6.3.3.2 Number of non-teaching staff year wise during the last five years
