## WASTE MANAGEMENT POLICY

Waste management policy articulates promise to reduce its environmental impacts through effective waste management and sustainable practices in converting waste to resources,

The campus strives to realize sustainable and holistic waste management essential and reducing its foot print and providing a safe and healthy work environment for teaching and non-teaching employees, students, visitors and stake holders.

- Committed for obtaining a Zero waste plan thus obtaining its ecofriendly status through the policy of reduce, reuse, and recycle.
- Recycling and reuse - the recyclable material like plastic, metals, paper and other shall be handled over to the external agencies.
- Avoiding and minimizing the generation of waste- organizing awareness program for waste management through various club activities.
- Segregation of solid waste-degradable and non-degradable wastes are suggested to handle over separately segregated into different types of degradable and non-degradable waste and taken to the dumping yard.
- Reducing paper waste through relying more electronic devices at all levels including governance, examinations, admission, and finance. E-governance shall be ensured to implement innovate strategies and these by reduce paper waste in the campus.
- Reduce E-Waste to maximum with proper maintenance before moving on to replace and recycle.

The campus is provided into training on legislation, hazardous, compliance and the policy by conducting waste management awareness programme throughout the year. All the students, faculty, staff members and stake holders are made aware of the policy.
